

NHS Education for Scotland invites all care home staff to attend a webinar on Infection Prevention and Control / Covid-19. Webinars will be delivered from December 2020 and more dates will be offered in January 2021. The webinars are FREE and aim to provide staff with key infection prevention and control information they will need to protect themselves and others in the care home setting.

Duration: 90 minutes

Learning outcomes:

- Identify why infection prevention and control is important
- Discuss effective application of good infection prevention and control practices
- Consider changes required in your practices to enable improvements which may be required
- Source the latest guidance and resources available

REGISTRATION

To register for one of the webinars, please use the registration link for the webinar you would like to attend on the following page on Turas Learn:

<https://learn.nes.nhs.scot/39675/infection-prevention-and-control-ipc-zone/preventing-infection-in-care/care-home-ipc-webinars>

CURRENT DATES

- Live Session, Tuesday 15 Dec 2020, 2 - 3:30 pm
- Live Session, Wednesday 16 Dec 2020, 3 - 4:30 pm

New dates will be added for January 2021, so please keep checking the registration page if these dates are not suitable for you.

A recording of a live session will be made available as soon as possible in 2021.

ACCESS TO WEBINARS

You will be able to access the webinars on your computer/laptop, tablet or smartphone. This allows you to maintain physical distancing requirements.
